Fanz Unlimited Network – Master Requirements List

(ViserLab Multi-Platform Ecosystem)

1. CORE PLATFORM & SSO
- Single Sign-On (SSO) across all FUN platforms (BoyFanz, PupFanz, GirlFanz, RecoveryFanz, VIP Visertube, Forum, Influencer).
- Unified Account Hub for fans & creators: profile, preferences, payment methods, subscriptions, social accounts, MFA security.
- Cross-Platform Navigation Portal: all niches combined, filters, AI recommendations.
- Profile Badges: niche, verified, VIP tier, top creator.
- Dynamic Geolocation Map (Sniffies-style) with privacy radius, Meet Now, Scheduling linked to calendars.
- Multi-language & localization support.

2. VIP VISERTUBE PORTAL
- Niche-Segmented Video Library; homepage mixed.
- Clip Posting & Scheduling, cross-promotion to other FUN platforms.
- Live Video Calling 1-on-1 and group; interactive licensed toys.
- VOD with tiered pricing/paywalls, livestream premieres, ticket sales, VIP perks, virtual cards.

3. SOCIAL MEDIA FEED & STORY SYSTEM
- Infinite Scroll Feed with creator posts, boosted posts, sponsored ads every 4th post, plus banner and side panel ads.
- AI-powered recommendations, stories with paywalls, advanced AI media tools (GIFs, montages, auto-clip).
- Scheduled posting, pinned posts, highlight reels.

4. CREATOR TOOLS & MONETIZATION
- 100% Earnings retention (minus processing fees).
- Custom Content Requests with escrow, counter-offers, automated delivery approval.
- Multiple payment models: subs, PPV, tips, merch, events.
- Affiliate program, social media management suite, AI video editor.
- Virtual gift shop triggering toy patterns, creator collaborations with revenue splitting.
- Delegate Access: creators can give access to freelancers/managers without sharing main login.

5. ADMIN, MODERATION & COMPLIANCE
- Suspension, warning, ban options for users.
- Moderation for live streams, posts, stories, comments, chats.
- AI content flagging, VerifyMy age verification, Coconut transcoding, DRM, watermarking.
- 2257 compliance tools, DMCA automation, regional restrictions.
- Security: end-to-end encryption, secure media URLs, anti-screenshot/recording.

6. WALLET, PAYMENTS & VIRTUAL CARDS
- FUN Wallet (XCash), real-time balance, instant payouts.
- Virtual Visa/Mastercard cards with controls.
- Payment gateways: CCBill, NMI, Authorize.net, Segpay, Crypto, ACH.
- Smart revenue splitting, multi-currency.

7. COMMUNITY & EVENT MANAGEMENT
- Forum system, influencer campaign marketplace.
- Event scheduling (virtual & in-person), ticketing with QR check-in.
- Community polls, gamification (leaderboards, rewards).

8. ANALYTICS & INSIGHTS
- Creator analytics (earnings, engagement, demographics).
- Fan insights (history, spending, recommendations).
- Admin analytics (platform health, trends, revenue forecasts).
